

What is Quality?

ACSI

Vs.

the other guys

- Manufacturing Trailers for 20 years
- Trailers proven to last more than 10 years with heavy use
- Full time engineering staff, with state of the art fabrication facilities
- Heavy Duty Chassis built in house
- Original floor plans and custom layouts available
- Trailers designed and built from the ground up to be a Restroom Trailer
- Fully insulated walls, ceiling, and floor provides excellent climate control
- Easy to use fold out steps, NO tools or assembly required
- 7,000 lbs Heavy duty stabilizing jacks on each corner
- 10,000 lbs Tongue jack - Heavy duty for durability
- Exclusive top rail & seamless roof design, no leaks, no maintenance
- Aluminum vanities, very durable, water proof, long lasting
- Real wood trim, & Real wood vanities
- Marine Grade Plywood flooring, water resistant & long lasting
- Solid construction walls & ceiling for strength and durability
- Sloped waste tank for easy pumping and cleaning

- Does not actually manufacture trailers, they purchase a trailer/chassis
- Unproven quality, built to RV standards not designed for heavy use
- Does not employ or staff engineers full time
- Out source manufacturing, or retro-fit a cargo trailer with toilets
- Duplicates established floor plans, limited layouts
- Trailers designed and built as cargo hauler, or with RV construction
- No insulation allows summer sun & winter wind to penetrate interior
- Steps require tools & assembly, more time needed for set up
- RV Scissor jacks, same as spare tire in your car, design for limited use
- 5,000 lbs light duty tongue jack, others are even smaller
- Requires tar sealant to prevent leaks, regular maintenance needed
- Particle board vanities, absorbs water, laminate peels off, falls apart
- Faux wood trim, RV type laminated partical board falls apart
- Surface treated plywood floor, less water resistant, quickly rots away
- Flimsy walls & ceiling, thin construction, push on the wall and see!
- Flat bottom tanks contribute to build up of solids, more time to service
